

Safer Her Way

Walkshop Eligibility and Selection Criteria

About the walkshops

As part of the Safer Her Way project, the City of Canada Bay is inviting community members to join day and night walkshops in Drummoyne.

Walkshops are walking workshops where participants will explore the project area with Council officers and share their experiences and ideas about how the area could be made safer and more welcoming, particularly after dark.

Key dates

- Night walkshop: Thursday 1 October 2026, 5.30–7pm
- Day walkshop: Saturday 10 October 2026, 10–11.30am

Each walkshop will be capped at 15 participants.

Eligibility and Selection

Anyone is welcome to register for a walkshop. If registrations exceed 15 participants, places will be allocated based on:

- Connection to the Drummoyne area – with preference given to applicants who live or work in Drummoyne
- Familiarity with the scope area
- The overall balance of participants to ensure the group includes a range of ages, abilities, experiences, and perspectives.

Children under 12 must attend with a parent or guardian. Participants aged 12-15 will require parent/guardian consent and will need to provide an emergency contact.

Incentive

Participants will receive a \$50 e-voucher for each walkshop attended, to a maximum of \$100 if attending both walkshops.

E-vouchers will be sent by email the week following each workshop.

Cancellation

Council may cancel, postpone, or reschedule a workshop due to severe weather, safety concerns, or other unforeseen circumstances.

Participants will be notified of any changes as soon as practicable using the contact details provided on their EOI form. Where possible, Council will provide information about any rescheduled session.

Council may also make reasonable changes to session dates, times, locations, or activities where necessary to support the delivery and safety of the project.
