Rhodes Station Precinct Revitalisation

The City of Canada Bay is transforming the heart of Rhodes through the Rhodes Station Precinct Revitalisation to create a safer, greener, and more welcoming gateway for the community.

The project includes:

- Civil works and road resurfacing
- Safer, wider pedestrian and cycling pathways
- Improved traffic calming
- Streetscape beautification, including landscaping, paving and lighting
- New public art

Public Domain Works Notification

NIGHT WORKS (Marquet St & Gauthorpe St Intersection)

To Residents/Tenants,

We would like to inform you of the night works planned from 7pm–7am for Monday 25th March at the intersection of Marquet St and Gauthorpe St, as per markup attached.

Undertaking works outside of peak daytime hours helps to minimise disruption to traffic, pedestrians and nearby businesses, and enables works to be completed within a shorter timeframe.

Where night works are required, appropriate measures will be implemented to manage potential noise, safety and access impacts. This includes conducting significantly noisy works as early as possible in the shift (7pm-11pm) and limiting noisy works in the early hours of the morning.

Night shift dates & times for asphalting works:

- Wednesday 25th March - 7PM-7AM

Please note:
Traffic Control will be in place to manage pedestrians and vehicles. Please follow their instructions.

We appreciate your understanding and patience while these essential works are completed safely and efficiently.
