

# Concord Parklands Corridor

The City of Canada Bay is seeking your input to create a new Plan of Management and Masterplan. This will provide direction and opportunities for future facility upgrades for the Concord Parklands Corridor.

The Corridor comprises **Edwards Park, Greenlees Park, Jessie Stewart Reserve, Rothwell Park, Queen Elizabeth Park and Goddard Park.**

The corridor has a range of recreational and community uses including passive use parklands, sportsgrounds, paths and walkways, playgrounds, a remnant turpentine forest and stormwater and floodplain infrastructure.

We would like to hear how you use one or all of the parks, and how they could be improved, managed and maintained now and into the future.

## How you can get involved

**Have your say until Sunday, 9 July 2023.**  
You can provide feedback in the following ways:

[collaborate.canadabay.nsw.gov.au/concordparklands](https://collaborate.canadabay.nsw.gov.au/concordparklands)  
or scan the QR code
