How to Make Hand Drums

1

Pick an A4 cardboard template with circles and rectangle strip.

2

Cut out the circles and strip.

3

Roll the strip of paper into a circle and tape together.

Tape the strip of paper onto one of the circles. Make sure they are tight and secured.

4

Pope 3 holes into the strip of paper.

1 each side of the strip of paper, this is where the ribbon will be threaded through.

1 directly at the bottom, this is where the stick will be place.

5

Cut a piece of ribbon and tie a knot at the bottom of the ribbon.

You may need to double knot to secure the beads.

Add your beads!

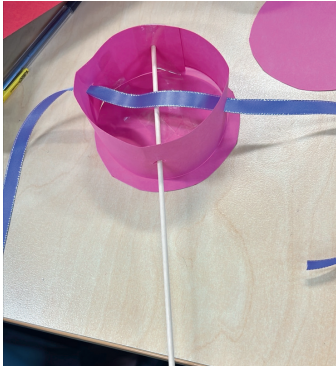

6

Thread the ribbon through the holes, add the beads to the other side and make a knot at the bottom to secure the beads.

You may need to double knot to secure the beads.

7

Place the wooden stick through the hole at the bottom.

8

Tape the wooden stick at the top and bottom of the strip of making.

Make sure the wooden stick is secure and not wobbling!

9

Tape the other side of the circle, completing the body of the hand drum!

10

Wrap aluminium foil around the bottom of the stick and secure it with tape.

FINALLY DECORATE & PLAY!
